With the meeting being the next day, I would leave that up to Margaret's schedule. However it is about 6 hours to drive up there. Last time I think we left around 1 pm. It made it a late arrival though because we had to stop for dinner.

Subject: All Parties Meeting on Tower Standard

Jessie,

I have confirmed that some of the parties that did not respond to the Doodle are available on April 19th for the 11am-2pm meeting. Can you put a hold on Margaret's calendar for this day? I think we need to lock this down. We will have to travel up to Lac du Flambeau on Monday, April 18th, have the meeting on the 19th and drive back to Chicago on the afternoon of the 19th.

Thanks,

Sherry

Subject: RE: All Parties Meeting on Tower Standard

Hello Sherry, I apologize for the delay I getting back to you. I have had an opportunity to discuss the 19th meeting date with the Kozak's and unfortunately they have prior commitments and cannot meet on the 19th. REI personnel (myself and my direct supervisor - Ken Lassa) should be able to make the meeting on the 19th.

In my discussions with Linda Kozak I was told that Bob Egan was in discussion with her about access to their property. Linda had asked for assurances from Bob (EPA) that they would not be held financially responsible for any of the proposed work scheduled for next week. I had also mentioned that Kozaks do have private buried utilities on their property and they should be located prior to initiating any boring activities.

If you have any questions or concerns, please do not hesitate in contacting me at your earliest convenience.

Thank you,

David N. Larsen P.G

Dave,

Is there a chance that you can participate in an All Parties meeting to discuss Tower Standard. It would be a meeting of DNR, EPA, tribe, you and the Kozaks (if they can attend)

April 19th is a date that works for most people.
